

e-Assessment

PC Requirements - SecureClient

Hardware

Processor	2.33 GHz or faster x86 compatible processor
RAM	1GB
HDD space	1 GB of free space
Video	Screen resolution of 1024 x 768 Graphics card with at least 128MB memory
Peripherals	Two button Mouse Keyboard Audio capability and headphones may be required for some assessments

Software - supported platforms

Operating System	Windows 7 (32bit or 64bit) Windows 8 (32bit or 64bit) Windows 8.1 (32bit or 64bit) Windows 10 (32bit or 64bit)
.NET	Microsoft .NET Framework 2.0 (Service Pack 2) to Microsoft .NET Framework 3.5 NB: There is no download for .NET Framework 2.0 or 3.5 for Windows 7, 8 or 8.1 or 10 (note .NET Framework 3.5 is backwards compatible with 2.0). Though this is included with later versions, it may not be automatically installed and may need to be enabled in the Control Panel. Instructions on how to do this are available here: http://msdn.microsoft.com/en-us/library/hh506443(v=vs.110).aspx
SQL Compact	SQL Server Compact 3.5 SP2 must be installed.
Internet Browser	Internet Explorer 8 to 11
Adobe Reader	<i>Adobe Reader XI (version 11.0.10)</i>
Adobe Flash Player	Adobe Flash Player 12.0.0.38 to 18.0.0.209 <i>This needs to be the ActiveX version of Flash, i.e. it needs to be installed from Internet Explorer.</i>

Bandwidth

Bandwidth to the internet	A centre connection of 2Mbps or greater for every 30 candidate tests being sat at the same time is recommended to ensure candidates are not affected by connection issues during exam delivery.
